CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET (“GEM”) OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate companies to which a high investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

The Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of this report.

This report, for which the directors (the “Directors”) of ITE (Holdings) Limited (the “Company”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the GEM (the “GEM Listing Rules”) of the Stock Exchange for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.

CORPORATE GOVERNANCE

The Company has applied the principles and complied with all the code provisions as set out in the Code on Corporate Governance Practices (the “Code”) contained in Appendix 15 of the GEM Listing Rules throughout the Period, save for the deviations discussed below.

Under the code provision A.2.1 stipulates that the roles of chairman and chief executive officer should be separated and should not be performed by the same individual. The division of responsibilities between the chairman and chief executive officer should be clearly established and set out in writing.

Mr. Lau Hon Kwong, Vincent is both the chairman and chief executive officer of the Company who is responsible for managing the Board and the Group’s business. Mr. Lau has been both chairman and chief executive officer of the Company since its incorporation. The Board considers that, with the present board structure and scope of business of the Group, there is no imminent need to separate the roles into two individuals as Mr. Lau is perfectly capable of distinguishing the priority of these roles in which he has been acting. However, the Board will continue to review the effectiveness of the Group’s corporate governance structure to assess whether the separation of the positions of chairman and chief executive officer is necessary.

Under the code provision A.4.1 stipulates that non-executive directors should be appointed for a specific term, subject to re-election. However, the non-executive Directors do not have a specific term of appointment, but are subject to rotation in accordance with the articles of association of the Company.
